Universidad de Oviedo

ESCUELA DE INGENIERÍA INFORMÁTICA

Lab Session 9

Objectives

- To consolidate the main concepts in the process of representing an Entity-Relationship model using tables.

Environment

The materials are in the *lab9* folder. Copy this folder into the BBDD folder from lab session 1.

Exercise

Using the E-R model above and these additional specifications:
- o Type of films is any of fiction, adventure, or horror (*terror*).
- o Titles of films cannot be repeated.
- o Session (*sesión*) is any of 5, 7, or 10.

Reduce the model to tables, identifying primary keys, foreign keys, and additional checks needed.
